ORANGE COUNTY CONTINUUM OF CARE
2016 REQUEST FOR QUALIFICATIONS (RFQ) FOR NEW PERMANENT HOUSING (PH) PROJECTS

BACKGROUND
Since 1994, the U.S. Department of Housing and Urban Development (HUD) has used the phrase “Continuum of Care (CoC)” when referring to a stream of funding specifically intended to serve homeless persons. This funding was established through the 1987 McKinney-Vento Homeless Assistance Act and reauthorized through the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009.

Each year, HUD releases a CoC Notice of Funding Availability (NOFA) to which hundreds of communities across the country respond by completing a lengthy grant application. Through the NOFA process, HUD awards funding, but also communicates policy priorities. In 2015, Orange County received over $23 million to support ongoing operations of a variety of programs that provide housing and services to homeless adults, families and youth. The Orange County CoC also were also awarded two new Permanent Supportive Housing project for individuals and families experiencing chronic homelessness and one new Rapid Rehousing project with a veteran preference through reallocated and bonus funds.

On April 22, 2016, HUD released the Fiscal Year (FY) 2016 Continuum of Care (CoC) Program Registration Notice¹ that makes available approximately $1.9 billion to communities nationwide to provide housing and services to homeless populations. The Registration Notice emphasizes HUD’s Homeless Policy and Program Priorities, including: creating a systemic response to homelessness through the creation of a Coordinated Entry System (CES); strategically allocate sources by comprehensively reviewing project quality, performance, and cost effectiveness; end chronic homelessness; end family homelessness; end youth homelessness; end veteran homelessness; and using a Housing First approach throughout the Continuum of Care.

During the FY 2016 Program Competition, in addition to requests for renewal projects, CoCs may submit requests for new projects through the process of reallocation and the permanent housing bonus. Through the reallocation and permanent housing bonus, CoCs may create new permanent supportive housing projects or create new rapid re-housing projects. Further information pertaining to funding availability and new projects will be discussed in more detail in the document.

ATTENTION CURRENT CONTINUUM OF CARE AGENCIES
Agencies that have submitted the 2016 Letter of Intent (LOI)/Part I: Agency Administrative Review for renewal of CoC funds during the FY 2016 CoC NOFA cycle complete the alternative process described below.

On Tuesday, June 21, 2016 HUD issued a Correction on the FY 2016 Continuum of Care (CoC) Program Registration Notice. The revised version of the Notice clarified that the Permanent Housing Bonus amount available to CoC is 5 percent of a CoC’s Final Pro Rata Need. The correction is found on page 35 in Section IV.B.6 which states, “Although noted on page 35 of the 2016 CoC Program Registration, “HUD will continue the Permanent Housing Bonus. All CoCs may create new projects through the permanent housing bonus up to 5 percent of the CoC’s [Final Pro Rata Need] FPRN for the following types of new projects for those CoCs that meet the criteria provided in V.4. of this Notice and additional criteria provided in the FY 2016 CoC Program Competition NOFA:

- New permanent supportive housing projects that will serve 100 percent chronically homeless families and individuals including youth experiencing chronic homelessness; and
- New rapid rehousing projects that will serve homeless individuals and families, including youth, coming directly from the streets or emergency shelters, or fleeing domestic violence situations and other persons meeting the criteria of paragraph (4) of the definition of homeless.”

The Orange County CoC has determined it will only solicit Request for Qualifications for Agencies that are interested in new permanent supportive housing projects that will serve 100 percent chronically homeless families and individuals including youth experiencing chronic homelessness for the Permanent Housing Bonus Project.

Also as noted on page 35 of the 2016 CoC Program Registration, “HUD will continue the Reallocation process. All CoCs may reduce or eliminate funds from eligible renewal projects, including first-time renewal projects formerly funded under the S+C program, to develop new projects. CoCs may use the reallocation process to create:

- new permanent supportive housing projects where all beds will be dedicated for use by chronically homeless individuals and families; [and]
- new rapid rehousing projects for homeless individuals and families who enter directly from the streets or emergency shelters, youth up to age 24, and includes persons fleeing domestic violence situations and other persons meeting the criteria of paragraph (4) of the definition of homelessness”

The Orange County CoC has should solicit applications only for the above mentioned.

ELIGIBLE PROJECT TYPES

This Letter of Interest to Participate in Request for Proposal for new Permanent Housing will gauge interest in the two main types of projects which are defined in the CoC Interim Rule (24 CFR 578.3)9 and in the 2016 Registration Notice.

Permanent Supportive Housing (PSH) is housing for homeless people with disabilities that is not time limited and that provides supportive services. New PSH projects must create beds that are dedicated to serve 100% people who are chronically homeless. These units are also subject to the requirements in HUD’s Notice CPD-14-012: Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons in Permanent Supportive Housing and Recordkeeping Requirements for Documenting Chronic Homeless Status and Defining “Chronically Homeless” Final Rule. CPD-14-012 requires that PSH units be prioritized for those households with the longest histories of homelessness and the most severe needs, as determined using a standardized and objective assessment tool. PSH projects funded under this NOFA competition must also follow Housing First principles and participate in the Coordinated Entry System (CES).

Rapid Re-Housing (RRH) is a model of housing assistance that is designed to assist homeless people to move as quickly as possible into permanent housing and achieve stability in that housing. RRH assistance is time-limited, individualized, and flexible. Under the FY 2016 Registration Notice, RRH projects will serve homeless individuals, including youth, and families coming directly from the streets or emergency shelters, and include persons fleeing domestic violence situations and other person meeting the criteria of paragraph (4) of the HUD definition of homeless. RRH projects funded under this NOFA competition must also follow Housing First principles, participate in the Coordinated Entry System (CES), and may not offer services to individuals or families from Transitional Housing (TH).
