

Karen Williams Appointed President and CEO of 2-1-1 OC

On behalf of the Board of Directors for 2-1-1 OC, I am very pleased to announce the appointment of Karen Williams as our President & CEO. This appointment is the conclusion of a thorough professional search including many qualified candidates from both coasts.

Many of you already know Karen from her work as the COO for OC Partnership, which has now merged with 2-1-1 OC. Her experience and success there, along with her knowledge of our community, make Karen a perfect choice to lead us forward. We are excited to have someone as dedicated and qualified as Karen take the helm.

The Board and I are also extremely grateful to Dolores Gonzalez-Hayes for her service as the interim Executive Director for 2-1-1. A former Board member, Dolores stepped in and helped the organization through a critical and transitional period. We look forward to continuing the growth and development of 2-1-1 OC as a valuable part of our community.

With gratitude,
