

As a 211OC Ambassador for Change, I will do everything I can to ensure that all residents of Orange County know there is a judgment-free place to find the health and human services they need.

I pledge to.....

- Do what I can to support my neighbors and my community;
- To advocate on behalf of all Orange County residents;
- To support 2-1-1 Orange County and all Agency Partners as an Ambassador for Change by sharing the word about the incredible help available in the community with my family, friends and neighbors.
